POLITICS OF SUSTAINABLE TOURISM

At **EXCURSIONES AMISTAD S.A.S. Y/O "ADESCUBRIR TRAVEL & ADVENTURE S.A.S.**, we are committed to sustainable development, focusing on the development of our strategy and our actions in generating positive impacts on environmental, socio-cultural and economic aspects, guaranteeing continuous improvement based on compliance with applicable legislation. This is how we seek to contribute to improve the quality of life of people, families and businesses, transforming society positively.

SCOPE OF THE MANAGEMENT SYSTEM

Design, reservation and provision of tourist services for the development of business logistics solutions for events and travel agency, is aimed at our stakeholders (Customers, suppliers and shareholders).

DEPLOYMENT OF POLITICS OF SUSTAINABLE TOURISM

Based on the sustainability policy, sustainability management programs are established, for each of them the objectives, activities, indicators, measurement frequency, goal, responsible, evidence and resources are defined. The above is evidenced in the document "Management programs for sustainability" whose deployment is planned in the document "Matrix of achievements and improvement actions"
